Dear Mr. Turk:

Re: Sewerage Treatment Study

Over the past three years the City has worked with you to find a solution to the sewerage treatment problem. The task has been a difficult one but as of the November 23, 1993 Water Board Hearing, the end seems near. The City of Whitehorse wishes to extend its heart felt thanks for a job well done.

Attached for your records is an updated collation of the documents utilized in the Hearing. I hope to have the opportunity to work with you once again in the near future.

Yours truly,

THE CITY OF WHITEHORSE
